Oxford University Press, Canada, Canada, 2015. Paperback. Condition: New. Language: English . Brand New Book. Bullying is an age-old problem that has traditionally been seen as normal, as par-for-the-course of childhood and youth, at times even depicted as a rite-of-passage with character building benefits. More recently, however, we understand it as a public health issue with potentially serious long-term problems for health and well-being that include stress, self-harm, anxiety, and depression. This is true of perpetrators as well as victims, who often suffer negative long-term consequences. Of concern, Canada is currently ranked 21st and 26th out of 40 participating countries on the proportion of boys and girls involved in bullying; several UNICEF studies have found comparable results. As a signatory to the United Nations Convention on the Rights of the Child, Canada is failing in its duty to protect children and youth from abuse. Faye Mishna and Melissa Van Wert provide a well-organized, multidimensional overview of bullying in this introductory text, the first book of its kind to look specifically at the Canadian context. Drawing on the most up-to-date research, including the Health Behavior in School-Age Children survey and recent parliamentary reviews, Mishna and Van Wert consider specific facts about Canada. These include societal norms and characteristics, marginalization of certain communities, immigration and diversity, socio-economic indicators, and urban-rural demographics, all factors that can influence bullying dynamics. The authors also consider other potential contributors, such as physical appearance, learning abilities or developmental challenges, sexual orientation, and family dynamics. Mishna and Van Wert devote an entire chapter to the latest research on cyber bullying, a relatively new problem that has arisen in the wake of social media and information and communication technologies. Addressing bullying behaviour is rarely a simple matter, but research shows that a holistic concept of the individual is the..
