This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2014 in the subject Business economics - Supply, Production, Logistics, grade: 2.0, University of Göttingen (INSTITUTE OF PRODUCTION & INVESTMENT RESEARCH), course: Industrial Management, Accounting and Corporate Planning, language: English, abstract: The increasing complexity of the business environment and the internationalization of business activities in the past decades have led to an increase of market dynamics. For companies, it is therefore increasingly important to be flexible from the tactical and strategical point of view, to keep costs under control and to maintain or even increase their level of performance with regard to worldwide competition. Companies have to adjust their internal organizational structure concerning cost and efficiency aspects, also with regard to the core competences each company specializes in. The outsourcing of competences to certain suppliers and service providers is regarded as a main strategy to secure competitiveness. Therefore, the usage of new communication -and IT-tools is getting more and more important. This paper shows the potential and limits of outsourcing the Procurement when companies try to restructure their organization. Beside conventional...
