Trafford Publishing, Canada, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. WHAT IF? What if you discovered some events you ve read about in history books and the Bible had been shaped by a secret coven who call themselves the Black Widows ; that they have the ability to time-travel to change past events to their liking? What if they found out that you knew their secret? Stan Walsh s hobby of electronics led him to stumble upon a little-known phenomenon that could lead to the destruction of the Black Widows, and now both he and his girlfriend Felice are caught between that secret group s vengeance and a trigger-happy F.B.I. agent convinced that they are terrorists. Fans of The DaVinci Code will enjoy following the couple as they track down each clue and try to unravel the hidden truths from the times of Moses, through Joan of Arc to the present, deciphering symbols and solving riddles that will hopefully lead to a way to stop the secret group. Along the way they solve a 3,400 year-old mystery and discover a secret that could shake the very foundations of religion. What was the true purpose of the Ark of the Covenant? And what is the surprising connection between Lewis Carroll, Monk Pellegrino Ernetti, C. S. Lewis and Leonardo DaVinci?.
